

**MicroDried**<sup>®</sup> Blueberries offer versatile solutions with a natural appeal. Made using our innovative Radiant Energy Vacuum (REV) process, our blueberries maintain their pristine quality, ensuring robust nutrition, great color, intact cell structure, and sweet flavor.

**Clean Ingredient Statement:** MicroDried Blueberries are processed without any additives or preservatives, ensuring a clean and simple ingredient statement.

**Advantage:** Our MicroDried Blueberries are sourced directly from our farms in Eastern Washington, showcasing a vertically integrated approach. This not only ensures a local supply chain but also provides farm-to-consumer traceability. The REV process preserves essential nutrients, such as anthocyanins, enhancing the overall nutritional value of our blueberries.

**Versatility:** MicroDried offers a variety of blueberry products suitable for various applications, whether you need blueberry powder to distribute flavor evenly, blueberry fragments to distinguish pieces, or whole blueberries to add texture and visual interest.
