

Orange

MicroDried® Oranges offer versatile solutions with a natural appeal. Made using our innovative Radiant Energy Vacuum (REV) process, our oranges maintain their pristine quality, ensuring robust nutrition, great color, intact cell structure, and distinct sweet and tart flavor.

Clean Ingredient Statement: MicroDried Oranges are processed without any additives or preservatives, ensuring a clean and simple ingredient statement.

Nutrient Rich: Thanks to the REV process, MicroDried Oranges retain their high nutritional content, preserving essential vitamins and minerals, adding value to a wide range of applications.

Versatility: MicroDried offers a variety of orange products suitable for various applications, whether you need orange powder to distribute flavor evenly, or orange fragments to distinguish pieces for added texture and visual interest.
